Running for fun, speed and enjoyment

Yr6 Parent

Streatley School has looked after our eldest daughter now since 2015 when she first began her primary school journey. This year she will leave for secondary school. Streatley has been such a safe, nurturing and happy school for her to be part of, as well as providing her with exciting challenges and fantastic learning opportunities. The staff are all so friendly and approachable and we could not have wished for a better experience. Our youngest daughter will be starting Streatley in September, and I am sure she will enjoy the same wonderful primary school life as her sister. Thank you Streatley.

Music Teacher

Dear Miss Roberts, It has and always been a pleasure to come in on my one day weekly teaching piano and woodwind to children from reception year to year six. Staff are friendly and most helpful and you have a good team and work together really well. You have all managed well during these difficult times regarding COVID-19.

I can honestly say that in all my teaching career I have never taught at such a welcoming, caring and hard working school. As a supply teacher and now working part time for the summer term I am so impressed by the children who are well mannered, respectful and keen to learn. I have received support from everyone in the school and have indeed taught in every class so have experienced the full Streatley age range! The headteacher, teachers and all the support staff work together to give every child a rich learning experience with the child at the heart of everything they do. This high level of nurture and care goes alongside the high standards expected and is reflected in the results achieved.

Yr6 Parent

Streatley Primary has offered our child a wonderfully safe, supportive and active environment in which to grow and learn. She has benefited from the nurture of inspirational teachers, who above all else have encouraged her to love learning, be kind to others and value herself. Over her years, she has participated in a range of extra curricular experiences through school from Running Club, multisport and Kick Boxing to Drama, Art Club and choir. She has loved her time at the school and leaves confident, well rounded and ready for the next stage of life. Thank you to all the Streatley Staff, Governors and PTA for their efforts to create a brilliant environment. We would recommend highly to anyone!

Streatley School is blessed with a beautiful setting surrounded by greenery and lung boosting woodland and alongside this external beauty care and love is shown to the internal areas of school. Flowers and plants are cared for by staff and pupils alike making internal areas pleasant places to be in. The benefits of an attractive setting must not be underestimated but far more importantly the school is fortunate enough to have staff who really care and who really know their pupils individually and collectively ensuring that the needs of all are met, be that extra support or extra challenges. The staff appear to be a cohesive team and are approachable and resilient to the many demands placed upon them. My children know what is expected of them and consistency with procedures and protocol help them transition up the school. The lovely “family atmosphere” which Streatley is renowned for has returned since Covid restrictions were lifted and it is a joy to see all year groups interacting positively with each other. It is also wonderful to see the enrichment activities returning to the school calendar, be it ducklings hatching, samba workshops, swimming, music and singing opportunities and school trips. I feel very fortunate to live in a village with such an excellent school for my children where I know they will have the very best start to their educational journey both academically and emotionally. Thanks to all who make Streatley School a happy & productive place in which to grow and learn.

Dear Miss Roberts, Streatley School has been a reliable mother ship through all the ups and downs of our children's formative years, especially in recent times. My daughter has had a strong, fun, gentle, exciting start to life, and I am so proud of the girl she has become, with all the direction, insight and opportunities Miss Roberts has lead the school with. I hope it continues to go from strength to strength.

I'd like to specifically compliment Mrs Lees the School Business Manager, she has worked extremely hard to try and resolve the problems with after-school / wrap around care, something that is still a pressing issue. I love the school, it is a vibrant and happy place, and I'm still so pleased that we are able to send our son (and hopefully our daughter in a year or so).
